49 ULTRABUG ROMANIA

3-6 June 2016 | 100km over three stages
www.ultrabug.co.uk

Organisers say, "Ultrabug is one of the most exclusive stage races in the world. The routes pass through winding mountain paths, past mineral-water streams and remote, traditional villages. Additionally, supporters and volunteers join in on the 8km day-three route before a medal ceremony with traditional food and entertainment for all."
